Videos Useful for Education

We're hearing from some players that they want to play lottery games but don't know how - and when you as a lottery retailer aren't able to tell them how, they don't always know where to turn.

For lotto games like Powerball® or Mega Millions®, you could direct the player to use a play slip to help them purchase a game in the amount and configuration they want. But if they don't understand how to fill out the play slip, they'll need more assistance.

A great resource for everyone to learn about how to play (and sell) all lottery games is the complete suite of "How To Play" videos available at ialottery.com. There's a video about each lotto game and InstaPlay games. You can also access these videos on the lottery's YouTube channel. These videos are an important resource for players AND retailers.

A good example of how these videos can help players and retailers alike is the "Play 'Em All." This feature allows players to cover all the Powerball, Mega Ball or Star Ball options for a particular drawing. This video leads the player (or retailer) through how to purchase (or sell) this option.

Help us help you with training issues by using our videos - and ultimately we'll both be helping our customer, the player!

Ways to Find 'How To Play' Videos Online

To find the whole suite of "How To Play" videos about our games, go to ialottery.com and choose the "Games" tab on the home page. Then look on the right-hand side for the "Videos: How To Play" link, or look in the footer of every page for this link. Click the appropriate logo for the game you want to learn about.

Atlantic Man Wins Big For Second Time in Two Years

For the second time in two years, a southwest Iowa man has won a big lottery prize.

Delbert Littleton of Atlantic claimed the first of eight top prizes of $100,000 available in the Power 10X scratch game. That follows his big win from June 2020, when he won a prize of $25,000 a year for life in the Lucky for Life lotto game. He chose to take the lump-sum option of $390,000 for that prize.

Delbert Littleton of Atlantic

Delbert said that both times, he was in his kitchen when he realized he'd hit big. And both times, he had a little trouble breathing and his heart started racing.

After his 2020 win, he said that he and his wife, Jodi, danced for joy in the kitchen. This time around, he called Jodi to share the news and then had to quickly pull the phone away from his ear when she started yelling in excitement.

Delbert said he bought tickets in the Power 10X game because it was new. He ended up with three winning tickets in a row. The first was a $20 winner that he redeemed for two more tickets in the game. One of those was a $10 winner and the other won the $100,000 prize.

He bought his $100,000-winning ticket at Murphy USA, 1903 E. Seventh St. in Atlantic.

Delbert and Jodi followed through on their plans after his 2020 win to buy a new house and get new vehicles. With this win, he says he's tired of using a push mower on their corner lot, so he says he'll get a riding lawn mower. The couple also plans to take a nice vacation this year, and then they'll invest the rest of the winnings.

Delbert said that this win makes the thought of retirement a little more relaxing. ■
