Problem Gambling Help Is Available

In March each year, the Iowa Lottery pauses to highlight National Problem Gambling Awareness Month and the help that is available here in Iowa for those who are struggling.

Starting March 1, you'll see reminders from us across the state. At the Iowa Lottery, we hope that by getting the message out, we'll provide the right information at the right time to someone who needs help.

Whether you're working at a lottery retailer, watching TV, listening to the radio, using a streaming service or going online, you'll likely see one of the public service announcements we produced along with the Iowa Department of Health and Human Services.

Remember that problem gamblers can come from any background – young or old, male

Everyone needs help sometimes.

or female, rich or poor. The universal detail for all of them is that problem gambling is treatable.

If you or your lottery customers have questions about problem gambling, know that help is available 24/7 in Iowa by visiting yourlifeiowa.org or calling 1-800-BETS OFF. Free and confidential help is available there through text, secure chat, email, telephone or in person.

Know What To Do When Paying Prizes In All Situations

Iowa Lottery retailers need to be familiar with the procedures for paying prizes in all types of situations. Lottery rules state that prizes may be paid to persons of any age, but there are different considerations in paying those who are under 21.

First, all tickets must be signed before they can be checked or validated.

- **Paying someone under age 18** - These people are minors in the eyes of the law. If the person entitled to a prize is under the age of 18, the payment of the prize may be made with cash or a check payable to the order of the minor or to a parent or legal guardian of the minor. Claim forms and tickets submitted by a minor must be signed by the minor as well as the minor's parent or legal guardian.

- **Paying someone ages 18, 19 or 20** – They may claim prizes in Lottery games as long as the claimant did not actually purchase the ticket. The claimant cannot use the prize winnings to purchase lottery tickets.

- **Paying someone age 21 or over** – Retail locations may pay Lottery prizes of up to \$600 if sufficient funds are available. Prizes larger than that must be claimed at a Lottery office.

Retailers should always remember that tickets may not be sold to persons under the age of 21.

Which Lotto Tickets Can Be Cancelled? Find Out Here

Here's a review for everyone regarding which games' tickets can be cancelled and which ones cannot, plus an overview of the Ticket Allowance Program.

Which Games Can Be Cancelled?

Tickets from the Pick 3 and Pick 4 games can be cancelled, but there are some rules to follow when cancelling. Tickets must be cancelled the same day in the same store where they were sold and before the sales cutoff time for the drawing for which they are eligible.

Follow this procedure to cancel a Pick 3 or Pick 4 ticket:

- Touch the "Cash/Cancel" tab on the main terminal screen
- Touch "Cancel Ticket"
- Scan the bar code on the ticket using the document scanner or the scanner on the front of the printer. You may also manually enter the numbers using the keypad then touch "OK" to accept the serial number and submit it for cancellation.

Which Games Cannot Be Cancelled?

You will NOT be able to cancel plays in the Powerball®, Mega Millions®, Lotto America®, Lucky for Life®, or InstaPlay games.

If you run one of these tickets through the terminal, you will receive a prompt informing you that the ticket is not eligible to be cancelled. This includes jammed or misprinted tickets.

Automatic Additional 0.1 Percent Allowance

The Iowa Lottery issues to all online retailers an additional 0.1 percent of ALL lotto game sales added to the base commission rate of 5.5 percent each week. The 0.1 percent applies to all lotto games, not just the games that cannot be cancelled.

You will earn extra commission every week, even when you don't have any error tickets. Please do not sell any damaged or unreadable tickets, but you can sell non-damaged tickets before for the drawing occurs for which they are eligible, except InstaPlay, to another customer.
